

LEARN

A SIMPLE AND EFFECTIVE ONLINE LEARNING SOLUTION THAT HELPS YOUR EMPLOYEES BUILD THE SKILLS THEY NEED, WHEN THEY NEED THEM.

OVERVIEW

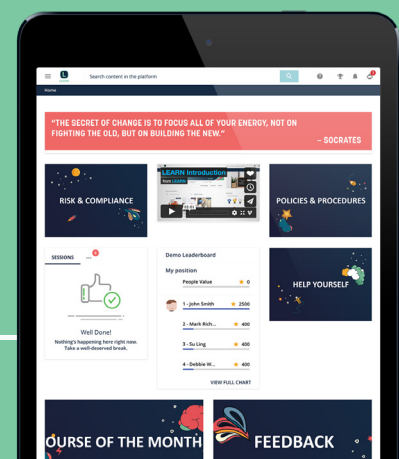

LEARN is an online learning solution developed by a team of learning professionals that gives your employees the opportunity to expand their knowledge and develop their understanding. The library of e-learning courses covers over 60 high quality modules and are delivered in bitesize chunks which will engage your employees across compliance, policy, soft skills and leadership and management development. Courses are written by subject matter experts, are regularly updated and animated to ensure a fun and engaging experience. On top of that, LEARN is delivered through a world-leading platform which is totally personalised and white labelled for your organisation.

KEY FEATURES

- Receive a personalised approach to meet your learning and development needs including unlimited support, advice and guidance.
- Reinforce your brand through the customisation of your platform.
- Develop your own courses, a blended programme, or build your resources around the existing courses.
- Building learning plans for specific disciplines or blended pathways of support.
- Easily set rules to different user groups and branches, ensuring learners have a personalised learning experience.
- Get access to a 'live' ongoing dashboard which allows your organisation to keep track of usage and engagement 24/7.

HOW IT WORKS

- 1 Employees will get given unique login details for the platform.
- 2 Once logged in, employees will be able to view the courses that have been assigned to them.
- 3 Reporting on usage and progress can be done as and when required.
