

RECOGNITION TOOL

GIVE YOUR EMPLOYEES THE OPPORTUNITY TO APPRECIATE THEIR COLLEAGUES AND CELEBRATE SPECIAL MOMENTS AS A TEAM WITH THIS VALUABLE PEER-TO-PEER RECOGNITION TOOL.

OVERVIEW

This smart, interactive recognition tool gives your employees the opportunity to say “thank you” to their colleagues through your advantage platform.

They simply search for a colleague or group of colleagues, select who they want to recognise, type out a personalised message and select an appropriate value from the options provided. They can even attach a photo, video or audio file to their recognition.

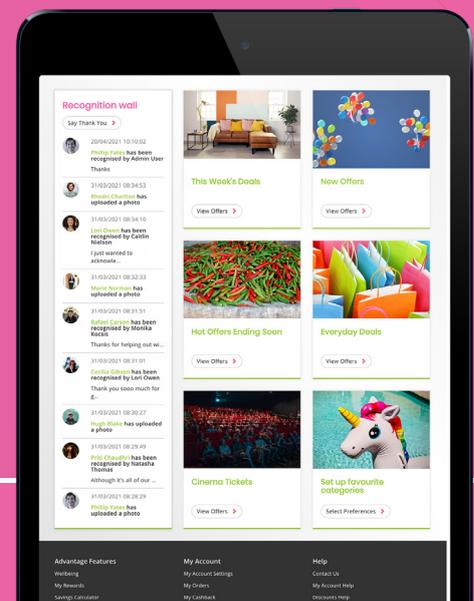

When employees send and receive recognition, they receive an alert in their email inbox and the message centre of their account. On top of that, all recognition posts are automatically added to your social wall too – an interactive feed where employees can ‘like’, comment on and share posts to further support their colleagues.

KEY FEATURES

- Employees can recognise individuals or a group of colleagues.
- Photo, video or audio files can be added to further personalise or support recognition.
- Employees are notified via email and the message centre when they send and receive recognition.
- All recognitions are automatically uploaded to the social wall where other employees can ‘like’, comment on and share posts.
- Employees have their own profiles which they can customise with a photo and bio.

HOW IT WORKS

- 1 Employees click ‘Say thank you’ and nominate a colleague or group of colleagues they want to recognise.
- 2 They type out a message to explain why they’re recognising the individual or group, select a value and can attach a photo, video or audio file.
- 3 Once the recognition is sent, the recipient receives an email notification and the recognition is posted to the social wall for other employees to interact with.
