

CREDIT SCORE SERVICE

GIVE YOUR EMPLOYEES ACCESS TO THEIR CREDIT REPORTS AND SCORES FOR FREE AND FOR LIFE.

OVERVIEW

Credit ratings have a big part to play in deciding everything from personal loans to mobile phone contracts. With our credit score service, your employees get free-for-life access to their credit reports and can get useful tips on how to put it to good use.

This benefit is provided by Credit Karma, who search the market to find some of the best credit cards and loans to fit your employees' individual credit profiles. Employees will also be able to get tailored advice to help them make better financial decisions.

Whether an employee needs to dispute an error on a credit report, or they're paying too much interest, they can use the credit score service to get the help they need.

KEY FEATURES

- Employees get free-for-life access to their credit reports and scores
- Credit reports also display credit history and information about how employees can manage the money they borrow
- Employees get tips on how to use their credit scores to their advantage
- Information provided by all main banks and credit lenders
- Credit reports and scores are refreshed weekly, so employees can track their finances with ease
- Authorised and regulated by the Financial Conduct Authority

HOW IT WORKS

- 1 The credit score service, provided by Credit Karma, is accessible to employees that are logged into the advantage platform.
- 2 Employees will need to provide Credit Karma with a few personal details and answer a couple of questions about their financial history.
- 3 They will then get free access to their credit scores and reports which they will be able to check any time they like.
